ERZSÉBET
TÁBOROK
Zánka

Welcome to the 20th annual ACSI Student Leadership Conference in Europe. Each one of you here at this conference have been selected because you are leaders in your Christian schools. This is an honor, privilege, and responsibility. God has called you with a special purpose. He wants to use even this conference to enable you to fulfill His plan for your life. This is an opportunity for you to do that which God desires of you; that is, to allow Him to equip you for leadership within the Body of Christ.

This year's theme for the conference is *The Path of Leadership*. Leadership is a journey and we are on this journey together. Your understanding of Christ-like leadership is the first step to becoming a godly leader. Begin with a heart and mind open to what God wants to say to you this week. Every moment is an opportunity to hear from Him through His Word and the people He brings across your path.

We are thankful that you are here among the close to 400 delegates representing 40 Christian schools and 15 countries. If you have questions, need help, or just need someone to talk to, please feel free to approach anyone on our leadership team this week. We are here to serve you.

Sincerely in Christ,

Laci Demeter
Director, ACSI Europe

MENTORING EMERGING LEADERS (MEL) PROGRAM

Developing our leadership character and skills is a process, not a one-off event or even a series of events. ACSI Europe invites past participants in the Student Leadership Conference to be involved in this on-going mentoring initiative.

While participating in the MEL program you will...

- Collaborate with a mentor and small group of peers.
- Receive relevant and flexible training through our online learning system.
- Engage in a leadership project to strengthen your skills.

Special opportunity for students who have served as discussion group leaders at SLC! We are seeking to develop a small team of 12th grade/post high-school students in 2019 to assist us in running a program for middle school students within SLC. This would serve as your leadership project if you participate in the MEL program.

For more information or to express your interest, email roslyn_barnes@acsi.org

SLC Guidelines

After registration – get settled under the direction of your chaperone and then go to the dining hall for dinner by 17:00. The opening session begins at 19:00 in the Theater.

Wear your name tag to all sessions, discussion sessions and meals so others can get to know you and call you by name.

All meals will be at the cafeteria. Don't forget to BRING YOUR NAME TAG with you as it also serves as your meal ticket! Please wait patiently for your turn at meals, do not skip the line – if you would like to join your group, join BEFORE standing in the line. Please DO NOT take meals out of the dining hall for yourself or others. Be a good witness to the servers. Give thanks in prayer on your own and enjoy your meal.

Follow the schedule carefully. Be on time for all activities and sessions. One mark of a good leader is that he knows how to be a conscientious and supportive follower. Encourage each other and show appreciation to others who make helpful contributions to discussions, etc. Be patient when communicating because English is not the first language for all of you.

Expectations at the conference:

- All students are expected to attend meals and follow each part of the schedule, including the designated time for “lights out”. Rest, food and water are basic elements needed for our emotional and physical health. A lack of sleep will rob us of valuable learning opportunities and may disturb many others who need rest.
- The meal times are important times to get to know others as well as reenergize.
- All students are expected to meet with chaperones daily to review the day, pray together and work on their Student Action Plan. This plan must be presented on Friday evening.

To benefit from the main sessions and workshops:

- Be willing to ask questions when you don't understand.
- Think about how this teaching or idea applies to your life and circumstances.
- Use the new information soon so that you will remember it by teaching someone else or applying it to something you face now.

To benefit from the student discussion groups:

- You must be willing to be uncomfortable! If you love to talk – listen! If you are shy – talk! This is the only way you can learn together and grow.
- Don't assume you have the only answer OR that your idea is not important. Your answer is always important but the purpose of the group is to share ideas and learn from each other.
- You must be at all your group's sessions and use all of your time! You can't benefit from the group unless you are participating with active listening and sharing.
- Prepare for each discussion by looking over the questions and understanding them first in your own language. This will be a big help!
- It is OK to have a different opinion than others. Each person is at their own stage of growth and understanding AND we come from different religious backgrounds and cultures.
- Have fun! This is a unique opportunity to build incredible friendships with others from around the world!

-
- * Practice behavior that keeps you safe and under control (e.g. recreation time), is respectful of the camp property and is considerate of others at all times. Be respectful of adults because they are here to guide and encourage you.
 - * Be respectful and modest with your choice of clothing.
 - * Sign out and return any borrowed recreation equipment (otherwise you will need to pay for replacement).
 - * Remain on the grounds throughout the conference.
 - * Stay out of rooms of the opposite sex
 - * Avoid smoking and other harmful practices.

*** Violation of these guidelines will be viewed seriously.**

at SLC we want to:

- Grow in our personal walk with Christ
- Identify our leadership skills and potentials
- Recognize God's call on our lives
- Develop our student action plan
- Strengthen our spiritual support network
- Strengthen our Christian schools
- Encourage our commitment to grow and serve God

Personal Devotion Time

There are many different ways you can engage with the Bible and allow the Holy Spirit to apply it to your heart. Here are some suggestions:

- Pray for God's direction as you read His Word.
- Focus on the parts of the Scripture passage that stand out.
- Use the question provided to help with application.
- Write out your thoughts.

Thursday – Hebrews 11:17-31

What difference did living “by faith” make in the lives of the people mentioned in this passage? What conclusions or implications can you draw for your own life?

Prayer Suggestion: Ask God to help you to live and lead “by faith”.

Friday – Psalm 34

What promises of God's comfort and protection in this Psalm speak most clearly to your heart and soul this morning?

Prayer Suggestion: Thank God for his comfort and protection in your life. If you are feeling burdened by something in particular, cry out to Him with your troubles.

Saturday – Matthew 6:19-33

What things make you worry the most? How does this passage encourage you to view those things?

Prayer Suggestion: Ask God to help you trust Him in the midst of your worries.

Workshop Overview

Workshops at the Student Leadership Conference each year provide a practical and interactive setting for leadership development. All workshops are taught by teachers who care deeply about your growth as a leader and will do their best to answer your questions from a Biblical perspective.

This year student workshops have 4 areas of focus:

Leading Myself – Who is the leader and why do they lead?

Building Relationships – How do leaders connect with people?

Leading People – How do leaders promote a culture of collaboration, creativity and commitment?

Driving Results – How do leaders work toward a goal?

Please be aware of these options and think carefully with your school team about which workshops will be most helpful for your group and your school. Chaperones should not attend student workshops.

Go to: <http://acsieurope.org/slc> for updates.

Please do not overcrowd rooms! Workshops are designed for 20-30 participants each.

Workshops and Discussions for Chaperones (meet in 'Galeria')

Thursday afternoon 16:15 – Workshop “B” – Leslie Johnson

Relational Teachers: Studies are showing that having good relationships with our students helps their academics. Looking at how God created us to be relational, how can developing relationships with our students strengthen their relationship with the Lord, too? “You never relate to your students neutrally – you are either part of what God is doing or in the way of it.

CELEBRATING OUR

20th

YEAR OF SLC

IMPACTING THE LIVES OF
CLOSE TO 5000 PARTICIPANTS

1998-2018

Get ready for **SLC 2019!**

God has been faithful over the past 20 years as SLC has grown to be what it is today. In order to allow even more schools and students to participate, we are planning some significant changes for our 21st SLC in 2019.

There are TWO new things in particular for you to be aware of as you plan for SLC 2019...

1. SLC will be run twice in 2019.

September 25-28 & October 2-5

Your school will be able to choose the date that suits you best. The two events will run similar programs and have a similar diversity of students.

2. SLC will include a program for emerging middle school leaders.

Welcome 7th & 8th Grade Students!

We will run a program for middle school students, especially designed to meet their unique needs, alongside the regular program for high school students.

Please help us get the word out!

Pass this information on to other schools you know that may benefit from participating.
