## SCHOOL MEMBERSHIP

As an association committed to strengthening your Christian school, our desire is to help you answer your biggest questions:

- How can we implement a philosophy and model of Christian education that prepares students academically and inspires them to become devoted followers of Jesus Christ?
- How can we meet and surpass the educational standards, curriculum requirements and legal concerns of our community while being fully Christian in our approach to education?
- How can we collaborate with other Christian schools and organizations in our region for mutual support and student achievement?
- How can we pray effectively for and enjoy real fellowship with the world-wide community of Christian schools for the glory of God and fulfilling our role in His great Purpose?

To address these questions, we provide member services, publications and events to all our member schools. If you have a specific need, please contact us directly and we will do our best to serve you and your school.

# International Collaborative Projects for Christian Schools

Through ACSI Europe's e-Learning

## ACSI E-LEARNING COURSE - PROGRAM DESCRIPTION

ACSI Europe member schools desire to develop and offer international collaborative projects for their students with the following goals:

- Providing International collaboration opportunities at teacher and student levels (with discounts for ACSI member schools)
- Helping teachers develop meaningful biblical integration in their school subjects to facilitate character and spiritual formation of their students
- Learning how to design effective projects for Project Based Learning
- Developing your students' 21st Century Learning Skills (collaboration, critical thinking, creativity and communication)

To meet this need, ACSI Europe is offering a Moodle based course for teachers. This online course offers high quality methodological training combined with biblical integration using Project Based Learning. Course participants partner with each other in developing a project as part of their course assignments. These subject-related collaborative projects will then be implemented by their students.

## STUDENT LEADERSHIP CONFERENCE 2017

The ACSI International Student Leadership Conference is an annual high quality professional English language conference for high school students of ACSI member schools. The conference is held at Zánka on the Lake Balaton in Hungary.

Plan to send your student leadership team to our next conference. We are planning a great conference for 380 participants from 18 countries on September 27-30, 2017

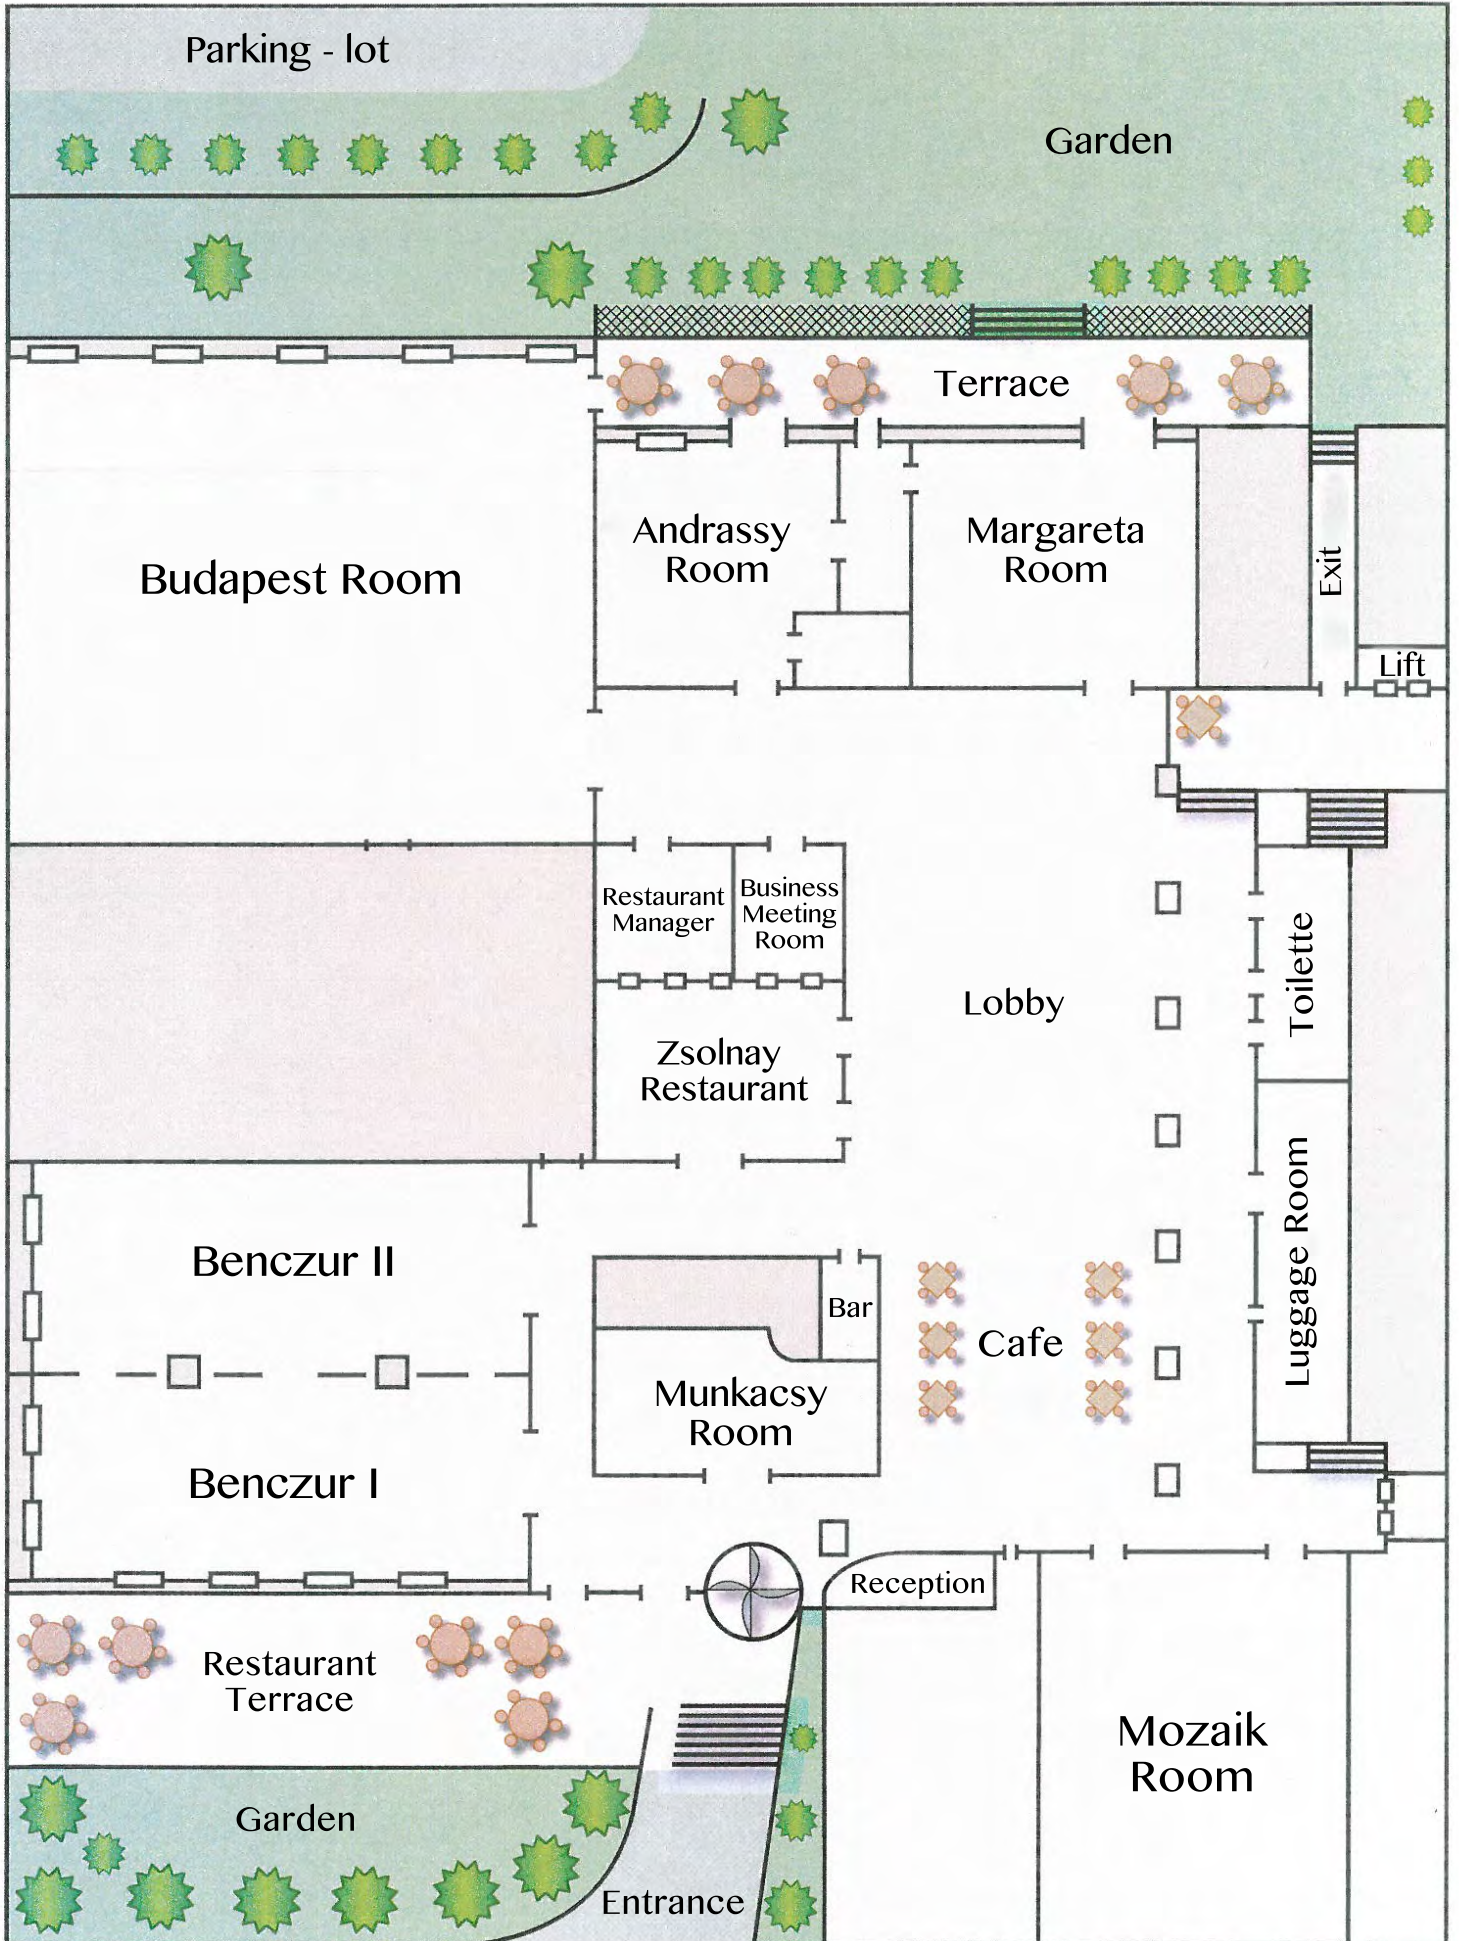

### Through SLC we want to:

- Grow in our personal walk with Christ
- Identify our leadership skills and potentials
- Recognize God's call on our lives
- Develop our student action plan
- Strengthen our spiritual support network
- Strengthen our Christian schools
- Encourage our commitment to grow and serve God

# ACSI CHRISTIAN SCHOOL LEADERSHIP FRAMEWORK

The **Christian School Leadership Framework** (CSLF) describes the competencies and behaviors considered most important to the performance of heads of Christian schools. The CSLF is built on three major categories: (1) Leadership from the Heart, (2) Relational Competencies – essential personal skills or processes, and (3) Strategic Competencies – key content areas.

The architecture of the CSLF is modeled after KIPP Leadership Framework and Competency Model. “Our leadership framework is the high-level category architecture that assists in organizing our competencies and showing how those competencies relate to one another. A competency can be defined as a cluster of related knowledge, skills and attitudes that affects a major part of one’s job.” KIPP Leadership Framework and Competency Model, p.2, [www.kipp.org](http://www.kipp.org).

Inspire a Shared Vision, Encourage the Heart, and Challenge the Process come from Kouzes and Posner, *The Leadership Challenge*, 2012. Model the Way and Enable Others to Act are also built into this framework without those labels.
