If you arrive by **airplane** at Liszt Ferenc Airport, Budapest then you can take either train or bus from Budapest to Vajta. Rail can be easily accessed by public transportation. Of course you can take a taxi or the Airport Shuttle within Budapest, as well. Bus line 100E provides a direct, convenient, economical and fast connection between Liszt Ferenc International Airport and Deák Ferenc Square, a key transport hub on the Pest side of the city. You need to buy public transportation tickets that are usually sold at metro stops and major public transportation centers. If you buy a pack of 10 tickets (GYŰJTŐJEGY), you save money and you may validate one ticket for each member of the group. Tickets may be validated on the buses and trams, with a red or orange device. On the metro, the orange devices are at the entrance of the station, please validate when entering the station (no device on the metro train itself) and keep your tickets until you leave the destination station. When you change between the two metro lines, you don't need a new ticket. It is also possible to buy a day pass for a group of 5 people, which saves money if you plan to use 4 or more tickets per day.
